DETAILED ACTION

Election/Restrictions

1. Applicant's election without traverse of Group I, claims 1-7 in the reply filed on 5/14/2009 is acknowledged.
2. This application is in condition for allowance except for the presence of claims 8-12 directed to inventions non-elected without traverse. Accordingly, claims 8-12 have been cancelled.

EXAMINER'S AMENDMENT

3. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Edward Smith on 8/11/2009.

The application has been amended as follows:

IN THE SPECIFICATION:

- On page 8, line 4, replace "teflon" with "TEFLON"
- On page 12, line 3, replace "ob" with "on"

IN THE CLAIMS:

- Cancel claims 8-12

4. The following is an examiner's statement of reasons for allowance:

The prior art of record fails to disclose or render obvious a method which utilizes a tubule to feed a second lipid solution of a different lipid composition into an artificial lipid bilayer membrane at the bulk phase point. The prior art does disclose examples of artificial lipid bilayer membrane formation and functionalization techniques. Additionally, there is disclosed in the Kawano et al. (JP 2003-194772) which is the closest method related prior art of record of breaking and reforming the bilayer; however, this reference fails to teach or suggest the use of a separate lipid different from the bilayer lipid during the reformation process. Accordingly, it would not have been obvious for one of skill in the art to choose to substitute one lipid composition by adding a lipid of a different composition into a pre-existing artificial lipid bilayer.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
